unit of measure

Brightness - ISO 2470
(R457) - 104% ± 2
Relative Humidity 50% ± 5
ref. TAPPI 502-98
* Uncoated side

The product is completely bio-degradable and recyclable.
Special runs available upon request.

ECOLOGICAL FEATURES

NOTES

SYMBOL CARD

Symbol Card is excellent for packaging, covers, postcards, brochures, promotional material, greeting cards and similar applications.

APPLICATIONS

Can be used without problems with the main printing systems: letterpress, offset, blind embossing, hot foil stamping, thermography and screen-printing. For offset printing, the characteristics of the coated side are comparable to our Symbol Freelifa Satin, and the uncoated side is designed to provide good printability, also with solid colours.

PRINTING SUGGESTIONS

Good results can be expected with all the main converting process: cutting, die-cutting, scoring, glueing, varnishing and plastic lamination.

CONVERTING SUGGESTIONS
